

# ARBO CHEST

Padded chest harness designed for ARBO MASTER arborist harness.

## DESCRIPTION

In the shoulder padding, there is a tunnel on each side for threading a pull-on elastic band, which is specially designed for SRT technique.

For comfortable donning, equipped with a trident with whistle at the front.

The chest harness can be used with any harness equipped with three fixing eyes.

Offers the user greater comfort when loading the harness with heavier equipment and a more comfortable ascent.

Loops on the front side for possible attachment of additional equipment and height adjustment for attaching a chest ascender.
